

Lexanna  
Schultz

The name 'Lexanna Schultz' is written in a dark blue, cursive script. The text is centered and surrounded by decorative elements: three light orange, irregular blob-like shapes and three clusters of small red dots. Teal-colored wavy lines are also interspersed around the letters, particularly around the 'L' and 'S'.

# LEXANNA SCHULTZ

Hi there, I'm Lexanna and I'm from San Diego. I'm currently a senior at Canyon Crest Academy and will be attending Cal Poly San Luis Obispo as a Marketing and Graphic Communication major. My favorite creative fields include branding, packaging design, and product photography.

# FLUSH FINDER

FlushFinder is an app that allows anyone to locate the nearest public restrooms, including those located in stores, restaurants, bars, parks, and more, which are not typically shown on most maps. FlushFinder also gives details of each restroom such as the number of stalls and the hours, and it makes it easy to refine your search if you are in need of something specific such as a gender neutral stall or a baby changing station.

## FlushFinder

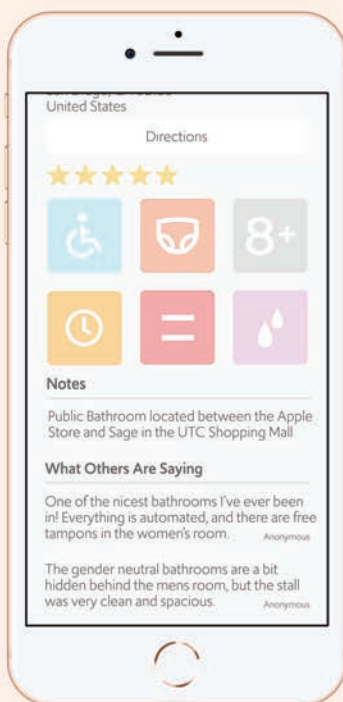

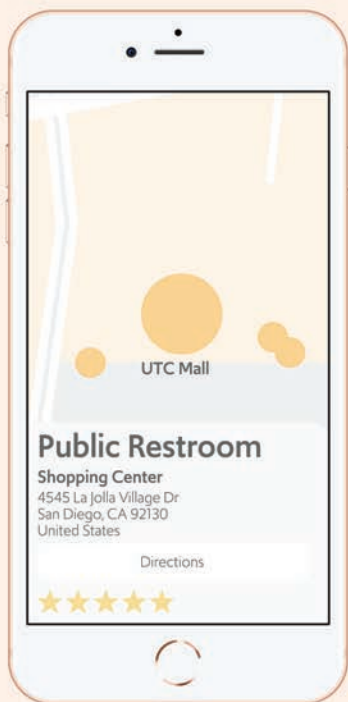

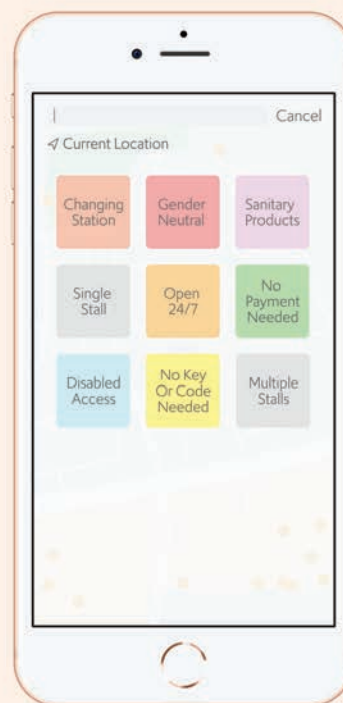

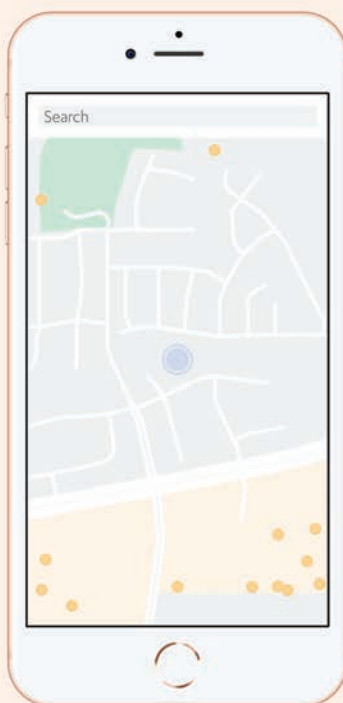

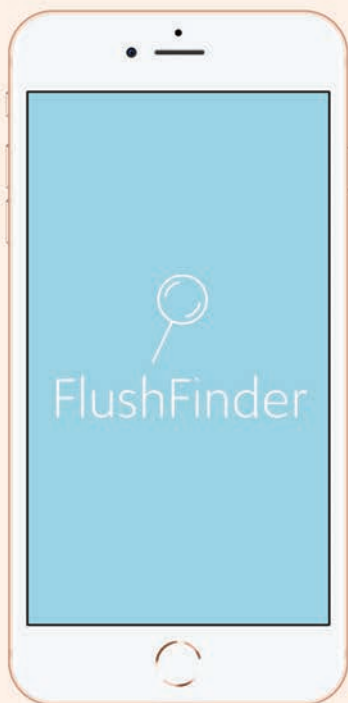

Whether you have a small bladder, suffer from Crohn's disease, or just really gotta go, all bathrooms seem to disappear right when you need them the most. That's when FlushFinder can help you. It locates all of the public restrooms near you including the ones inside stores, restaurants, bars, or malls, which are typically not shown on other maps.

Everyone also has their own specific needs, so we made it is easy for individuals to find services including baby changing stations, gender neutral stalls, sanitary product dispensers, and more.

Start by clicking on the map, then search for an area, service, or specific location.

# CCA SENIOR T-SHIRT

Canyon Crest Academy allowed seniors to design t-shirts for the graduating class of 2020. I went for a basic and gender neutral design.

## FLEET FEET T-SHIRT

Fleet Feet is a running company based in Southern California and they wanted a new design for an t-shirt. I used a play on words and blue tones to bring out the So Cal feel.

# SDRVC PATCHES

The San Dieguito River Valley Conservancy asked my imaging class to design patches for their Coast to Crest Challenge, as well as their Citizen Science and Watershed Explorers programs. Unfortunately, all of my drafts are not accessible at the moment due to Covid-19, however my design for the Watershed Explorer got chosen, and the final patch is seen below.

## CUSTOM SHOES

Quarantine gave me lots of time to craft a birthday present for one of my friends who was going to her dream school, Boston University, so I decided to make her a pair of shoes. I ended up liking them so much and decided to make a pair for myself, and I have started to take orders from some more of my friends.

# NIKE ADVERTISEMENTS

These originally started as single images for my photography class, however the photos were unexciting by themselves so I decided to combine them and add text to make a set of images that would be for a campaign.

The Nike swoosh logo is in the top left corner.

The materials that make up our air of our workout clothing is tested to provide maximum strength and durability during your workouts, no matter the intensity.

STRONG FABRIC FOR STRONG MUSCLES

The Nike swoosh logo is in the top left corner.

Not only do Dri-FIT clothes make your clothing last longer, they maintain the same sweat managing properties throughout their lifetime.

A good workout pushes you to your limits, but it also pushes your clothing to their limits. Thankfully, Nike's Dri-FIT fabric has sweat managing properties that help prolong the life of your workout clothing, so you can continue to do your best.

LONG LASTING FABRIC FOR AN EVEN LONGER WORKOUT

Nike's workout shoes are designed specifically to help you go faster and last longer. Designed and tested thoroughly by some of the world's top athletes, the shoes are built to last through all of your tough speed drills on any surface.

For the pros, every single detail matters when it comes to peak performance. The weight of your shoes shouldn't weigh down your performance, which is why Nike's light shoes keep your moves tight.

# MULTIPLE LAYERS FOR MAXIMUM MOBILITY

Although it may not seem like it due to the seamless detailing, lots of Nike's workout clothing is made up of multiple layers of different fabrics to help keep you moving.

Layering up shouldn't just be for the wintertime. Sometimes you need an extra layer or two to help cushion your movements or allow for more breathability. We make sure you get the extra benefit from the layers without the discomfort.

Nike workout clothing comes in a multitude of styles and fits so you can find the perfect one for you and your workout.

When you want a workout that pushes you to your limit, you need to get uncomfortable. But you do need comfortable clothing. Nike workout clothing provides that necessary comfort with the perfect fit. Designed and tested by thousands of athletes, the fit of Nike clothing is made to enhance your workout and keep you fit.
